Mississippi—Proof of Coverage Update

ACTION NEEDED

Effective immediately, the Mississippi Workers' Compensation Commission (WCC) no longer requires the hard copy reporting of Form WC 89 06 09B—Policy Termination/Cancelation/Reinstatement Notice directly to them.

There are no other changes to your current data reporting or policy issuance process.

Please read the information contained in this circular, and make any changes needed to comply with the new requirement.

BACKGROUND

Since 1993, the Mississippi WCC has participated in NCCI's Proof of Coverage (POC) program for the collection of coverage information from data providers licensed to write workers compensation insurance in Mississippi. Data providers are required to submit all policy transactions to NCCI.

NCCI automatically sends POC data (including cancellations and nonrenewal notices) in the International Association of Industrial Accident Boards and Commissions (IAIABC) format to the Mississippi WCC on behalf of data providers doing business in Mississippi. There is no change to this current process.

IMPACT

Notice of Cancellation

Effective immediately, the Mississippi WCC no longer requires the hard copy reporting of Form WC 89 06 09B—Policy Termination/Cancelation/Reinstatement Notice directly to them. This data is being provided on behalf of carriers to the WCC by NCCI.

Please review the following and make any changes needed to comply with the Mississippi WCC requirements:

- Discontinue the hard copy reporting of Form WC 89 06 09B to the WCC
- Continue to report all policy data in the WCPOLS format directly to NCCI
- Continue to provide Form WC 89 06 09B to your policyholders (when necessary)

NCCI ACTION

The *Workers Compensation Policy Data Reporting Manual* and the POC Compliance Guide provide the reporting requirements for Mississippi POC. Both of these resources are available online at ncci.com.
